**Advisory Committee Meeting 3**

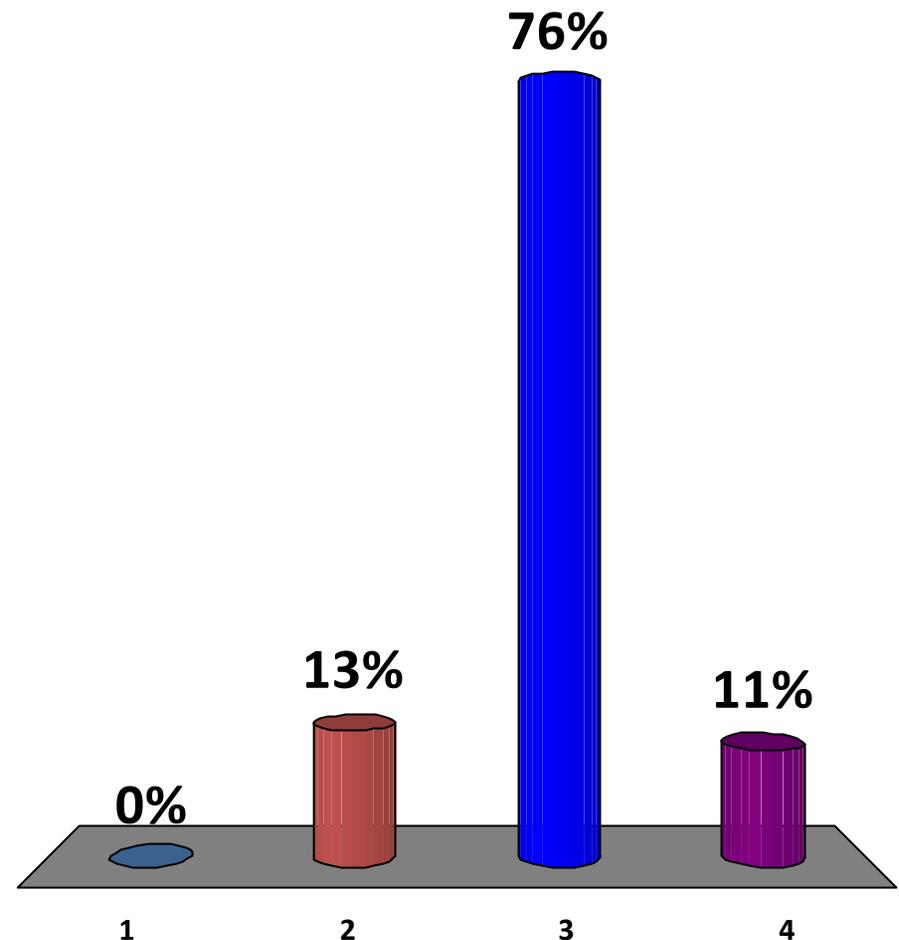

# I used to **golf** on the Country Club:

- 2. No

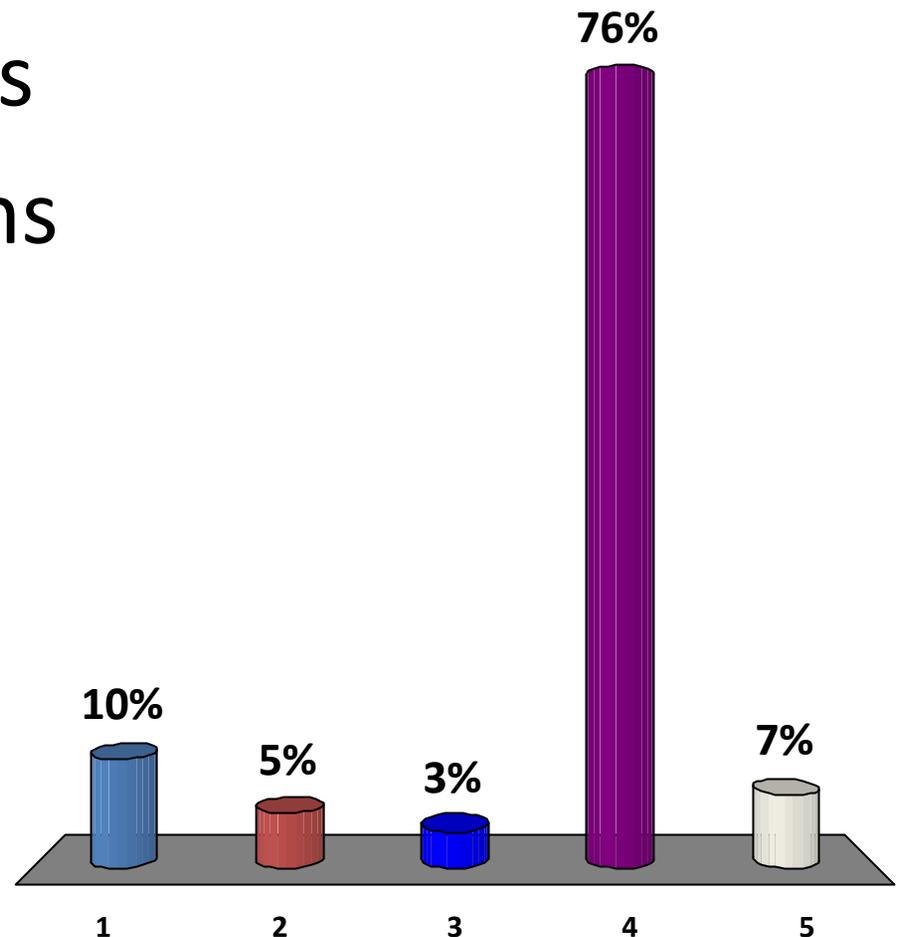

# There are “x” number of lakes on the property?

1. One
2. Two
3. Three
4. Four

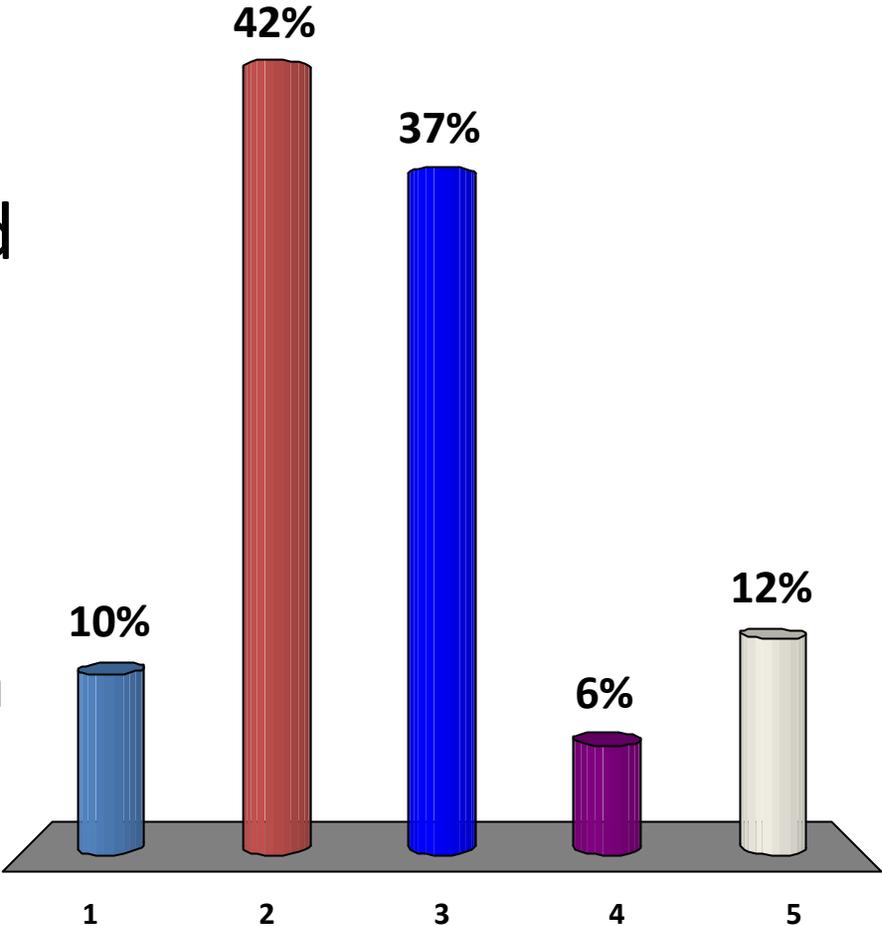

# Appropriate **passive uses** could be

1. Walking/biking trails
2. Picnic areas/ gardens
3. Fishing areas
4. All of the above
5. Other

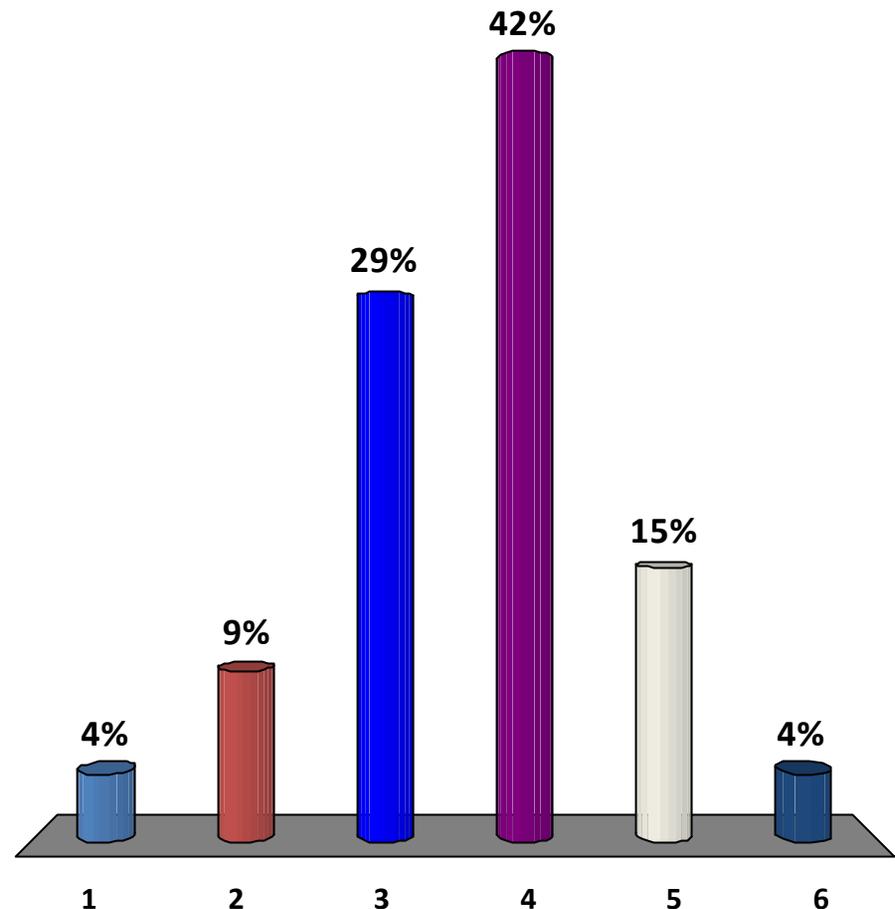

# Appropriate **active uses** could be

- 1. Sports fields/ court sports

# My biggest concern about the reuse of the property is

1. Noise associated with new uses
2. Traffic generation
3. Disturbing the site's natural beauty
4. Maintenance costs
5. All of the above
6. Other

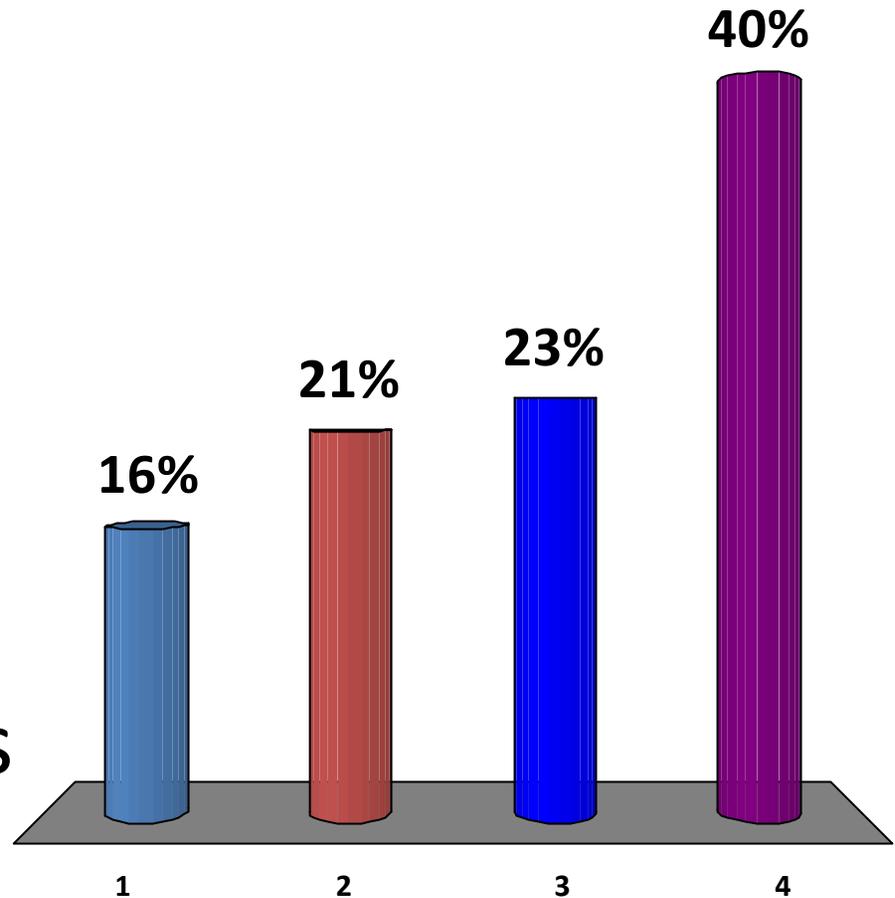

In my opinion, the **best reuse** of the Country Club property would be for:

1. Active recreation
2. Passive recreation
3. Arts / Entertainment
4. Education campus
5. All of the above

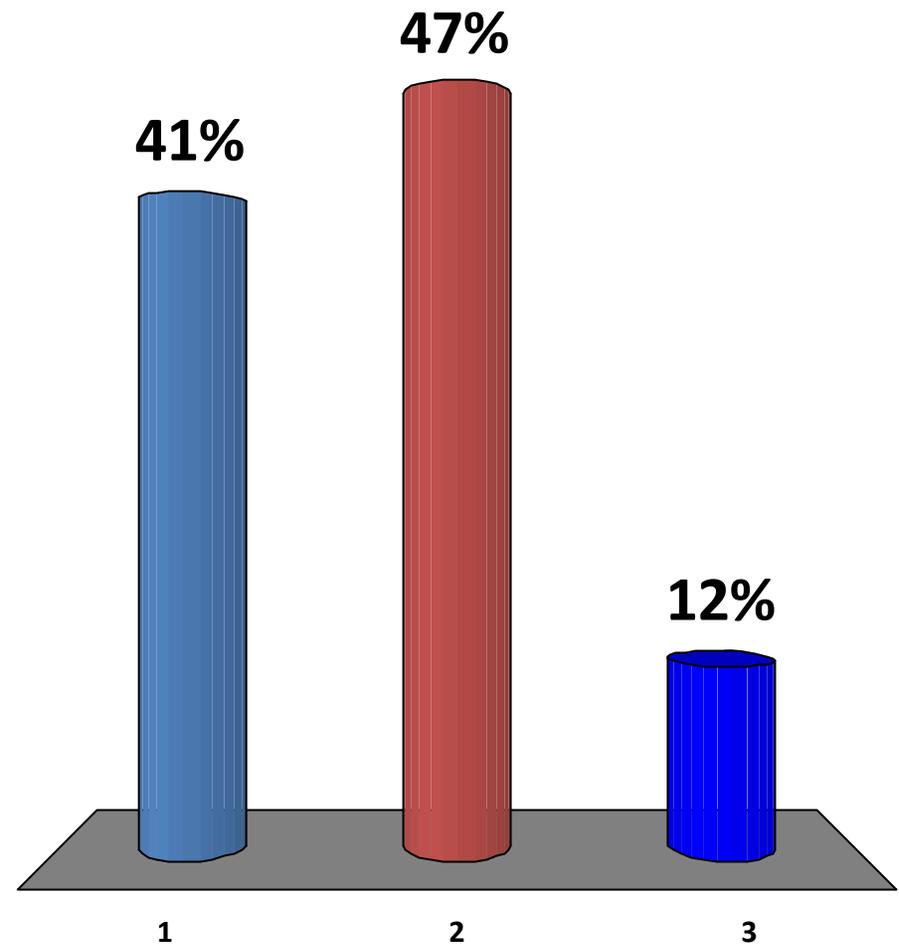

# Vehicular access for the public to the site should be:

1. Limited as much as possible
2. From the south: 15<sup>th</sup> Street
3. North and South with new access
4. From multiple points

I could envision a major portion of the site returning to a **natural (unmanicured) state?**

1. Yes
2. No
3. It depends

In terms of the **spectrum of reuse** for the site, I could imagine for Jasper:

1. Complete Overhaul
2. Partial decommissioning
3. Light touch
4. Eco-recreation
5. Urban Wild
