

JASPER UTILITY OFFICE

CONTROLLER

The Controller role requires the ability to be hands on with knowledge of accounting, strong analytical and financial modeling/forecasting abilities, risk management capabilities, familiarity with asset management, and the capacity to deliver fast, but carefully thought-out results. Strong leadership, independence, initiative, and being able to complete the work process from beginning to end are required.

The Controller will have primary responsibility for the planning, implementation, and execution of all the accounting, admin and finance activities of the utility, including maintaining the utility's accounting records, business planning, forecasting, being part of various financial analyses and rate studies. This position will also be accountable for compliance with State Board of Accounts guidelines.

The Controller is expected to identify critical issues, facilitate and implement solutions and play a significant part in the City of Jasper's success. This position requires a bachelor's degree (preferably in accounting); or six years related experience and/or training; or equivalent combination of education and experience.
