Support renewable energy sources through your electricity use!

The Green Power Program enables customers of Jasper Municipal Utilities to support the use of renewable energy resources in the production of electricity.

-  Sign up for the Green Power Program by filling out the form to the right and submitting it to Jasper Municipal Utilities. When you participate in this voluntary program, IMPA supports renewable energy.
-  Electricity under the Green Power Program is available at a cost of just \$.005 per kilowatt-hour more a month through your local utility provider. If you buy 100 kilowatt-hours per month, you will pay just 50 cents more per month on your utility bill. The minimum purchase amount is 100 kilowatt-hours per month.
-  Pay your bill and rest easy knowing you are supporting green power efforts in Indiana!

Terms and Conditions:

1. The customer shall enter into a service agreement with Jasper Municipal Utilities that shall specify the amount of Green Power in kWh to be purchased monthly.
2. Service under this Program may be limited at the sole discretion of the utility, based on the expected amount of renewable energy available, average monthly energy usage of the customer, bill payment and collection histories.
3. The customer may sign up for the program at any time and service will become effective at the beginning of the next full billing period, at which point the customer will be charged for the total amount of Green Power purchased.
4. There is no limit on the level of green energy a customer can agree to purchase, but the customer will be required to pay the green power rate for the total level even if the customer's actual monthly usage is lower than the fixed level.
5. The customer may cancel their service under this Program at any time. However, any change in service will only become effective at the beginning of the next full billing period. The charge for Green Power will not be prorated in the billing period in which the customer cancels. Contact Jasper Municipal Utilities to cancel service under this Program.
6. The municipal utility reserves the right to terminate the Program or revise the pricing or minimum purchase amount of the Program after giving 30 days notice, unless the change is a decrease in pricing, in which case no advance notice would be required.
