

## Project update as of 9.20.2023

A few updates on the Courthouse Square Infrastructure & Revitalization Project.

- Most of the work on the Square has been completed.
- Punchlist items are being finished up over the next 2 weeks.
- Directional striping and the crosswalk striping is being finished up and nearly complete.
- Traffic signal loop detectors will be installed at the West bound lane of 6<sup>th</sup> St. / 231.
- Final installation of pavers occurring in a few spots.
- Concrete coring for the installation of various signs is occurring.
- City departments are overseeing final inspections of the completed work.

A ribbon cutting /opening ceremony dedicating the completion of the Courthouse Square Infrastructure and Revitalization project will be held on Friday 10/13 @5PM around the Courthouse Square. Please join us. Everyone is invited as we celebrate this historic achievement.
